e-Governance Report

A.Y.2023-24

Sr. No	Activity	Remark
1	Administration	Administering things online, known as e-governance, is crucial. It helps reduce corruption, makes things more transparent, provides convenience, increases revenue, and cuts costs. Whatever documents are corresponded they are on record which is authentic proof if any transaction against the provision of law. Apart from this in order to maintain time Discipline for staff we have biometric system where staff bound to remain present in person as per schedule hours of duty. We have G-Suite is used for handled Admission process document & Academic documents.
2	Finance & Account	Finance and accounts section uses Tally and excel for carrying out various accounting activities.
3	Student Admission and Support	The college has a really helpful system for students to easily apply for admission and get support. All the different forms, like admission, exams can be filled out in one place with proper guidance by university. This saves students from going to external service centres where they might have to pay extra fees. We also use official WhatsApp groups and Google Classroom to communicate with students.

4	Examination	<p>In every academic year, students are required to take offline examinations, with the entire process being conducted offline. The only exception is the use of the KBCNMU Digital University portal for delivering university examination question papers & The paper-checking process was also conducted online at the college, with each paper accessed confidentially through the respective subject teacher's login. However, during the pandemic, exams were conducted online, and the entire process was shifted to an online mode. The University appointed faculty members from the institute as paper setters, under the supervision of the chairman of the board. All examination papers were submitted to the university through the online logins of the respective faculty members. KBCNMU has established a Digital University portal (E-Suvidha) to facilitate the entire examination process, from the submission of examination forms to the declaration of results.</p>
