Respected sir,

Dr Ullas Patil Medical College and hospital is one of the Pioneers in medical education at Jalgaon. While implementing the inventory handling and store department activity of medical campus, it has been identified on the managerial level that there is a skill gap about effective and efficient store keeping handling and creative purchasing profiles. A thrust of the same must have to cope up for effective running of the organization.

By considering above facts with as hereby requested training on topic **Store & Purchase activity** by your expertise. We believe that this training will provide my team with the necessary knowledge and skills to excel in their roles and meet our objectives.

We are confident that this training will not only benefit me, but also our team and the Institution as a whole. I am willing to commit my time and resources to completing this training and applying what I learn to my current role and any future endeavours.

Thank you for your time and consideration. I look forward to hearing from you soon.

Yours Sincerely.

Training on Health care and Hospital Management

Various professionals within healthcare organizations, such as physicians, pharmacists, biologists, and engineers, are required to effectively manage limited resources to address the growing complexity of needs and demands. Given the absence of specialized courses in university curricula, especially in the medical field, management training programs have emerged as a crucial component in equipping health professionals to navigate global challenges.

Godavari Institute of Management & Research, Jalgaon, reputed Institution of north Maharashtra region would like to open a course MBA in Health Care and Hospital Management.

This study seeks to investigate the factors that affect the effectiveness of management training programs and their results in healthcare environments, focusing on middle management and differentiating among various participant groups, including physicians and non-physicians, as well as those with and without management roles.

Before start the academic session of MBA in Health Care and Hospital Management. Godavari Institute of Management of Research carries the training session as well as Seminars in between January 2023 to April 2023 for the faculty of MBA in Health Care and Hospital Management which are non-medical background. The training was provided by the (name of Faculty 1 & 2) of Dr. Ulhas Patil Medical College & Hospital (DUPMC) Jalgaon.

(Faculty 1) gives information about the Medical Terminology, Clinical Diagnostic. (Faculty 1) explain that medical terminology is the language of healthcare. It's the means for healthcare professionals to confer on the intricacies of the human body, both in states of health and states of injury or disease. As such, medical terminology comprises the lexicon of labels for all known anatomical features, physiological processes, and medical interventions. And how medical terminology opens a door to understanding both medicine and the healthcare community.

(Faculty 2) Explain about Hospital Hazardous and Waste Management. (Faculty 2) gives Information about Healthcare waste contains potentially harmful microorganisms that can infect hospital patients, health workers and the general public. Other potential hazards may include drug-resistant microorganisms which spread from health facilities into the environment. Recourse person also told that WHO also developed a series of training modules on good practices in health-care waste management covering all aspects of waste management activities from identification and classification of wastes to considerations guiding their safe disposal using both non-incineration or incineration strategies.
